## The New Marina Activity Center

has been dubbed the MAC! It is without a doubt the BIGGEST little community event center on the Oregon coast. It has the latest technology in audio video equipment. The openness of the MAC and surrounding views combined with the large patio make it ideal for weddings, reunions or community events. Guests of the Resort now have a wonderful facility to enjoy for gatherings, potlucks and other activities. The first event taking place at the Marina Activity Center is the 4th annual Reedsport

Education Enrichment Foundation (REEF) recognition dinner Saturday, March 5<sup>th</sup> with keynote speaker, author Jane Kirkpatrick. REEF is a nonprofit organization that strives through ongoing fundraising efforts to enhance the classroom experience and other educational opportunities for the students of the Reedsport School District. Since 2000 REEF has provided over \$197,000. Wow! Congrats to the folks of this organization, outstanding job, and thank

you for choosing the Marina Activity Center for your event. We can't think of a better beginning for this new facility than having an organization such as REEF to kickoff the MAC's life of facilitating activities and events. *This Month's Riddle* you have a string-like fuse that burns in exactly one minute. The fuse is inhomogeneous, and it may burn slowly at first, then quickly, then slowly, and so on. You have a match, and no watch. How do you measure exactly 30 seconds?

*Resort Quote of the Month* Nobody can go back and start a new beginning, but anyone can start today and make a new ending."  
~Maria Robinson ~

Answer to last month newsletter riddle: There is no missing dollar. The men spent \$27 of which \$25 went on the room and \$2 went to the light fingered bell boy. You can not add the \$2 the bellboy has to the \$27 the men spent as this \$2 actually comes out of the \$27 the men spent, the other \$25 going on the room.
